Tektronix®

4 Series MSO Limited Time Offer

Own a First-Generation 4 Series MSO for 50% Off Regular Price

Tektronix Encore Stock is Limited – Secure Your Order Today

Experience a big high-res touch display and 12-bit ADCs with a broad array of available decoding and analysis options.

Quantities are limited, so don't miss this opportunity to own a first generation 4 Series Mixed Signal Oscilloscope for a fraction of the normal price. This is the perfect way to upgrade your bench with a versatile touchscreen scope that's ready for all your measurement needs.
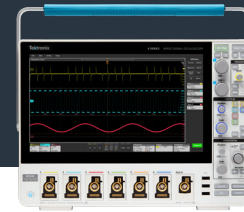

Customize your scope:

- 4 Series MSO with 4 channels (MSO44) or 6 channels (MSO46)

- Bandwidth of 200 MHz, 350 MHz, 500 MHz, 1 GHz or 1.5 GHz

Additional software options may be added to these instruments at a 50% discount. (Valid on individual SW options only.) See other side for a listing of the options.

These units have been factory-reconditioned and certified through the Tektronix Encore program with 3-year factory warranties, and can also be purchased through our authorized partner network.

KEY SPECIFICATIONS

	MSO44	MSO46
Analog Channels	4	6
Analog Bandwidth	200 MHz, 350 MHz, 500 MHz, 1 GHz or 1.5 GHz	
Sample Rate (All Channels)	6.25 GS/s	
Record Length	31.25 Mpoints (standard); 62.5 Mpoints (optional)	
ADC Resolution	12 bits	
Display	13.3" 1920x1080 capacitive touch	

Add any of these options for 50% Off

SERIAL DECODING	
4-RFNFC	Near field communications
4-SRAERO	Aerospace (MIL-STD-1553, ARINC 429)
4-SRAUDIO	Audio (I2S, LJ, RJ, TDM)
4-SRAUTO	Automotive (CAN, CAN FD, LIN, FlexRay, and CAN symbolic decoding)
4-SRAUTOSEN	Automotive sensor (SENT)
4-SRCOMP	Computer (RS-232/422/485/UART)
4-SRCXPI	CXPI (decode and search only)
4-SREMBD	Embedded (I2C, SPI)
4-SRENET	Ethernet (10BASE-T, 100BASE-TX)
4-SRESPI	eSPI (decode and search only)
4-SRETHERCAT	EtherCAT (decode and search only)
4-SRI3C	MIPI I3C
4-SRMANCH	Manchester (decode and search only)
4-SRMDIO	MDIO (decode and search only)
4-SRNRZ	NRZ (decode and search only)
4-SRONEWIRE	One wire (1-Wire decode and search only)
4-SRPM	Power Management (SPMI)
4-SRPSI5	PSI5 (decode and search only)
4-SRSMBUS	SMBus (decode and search only)
4-SRSPACEWIRE	Spacewire (decode and search only)
4-SRSDLC	Synchronous Data Link Control Protocol (decode and search only)
4-SRSVID	SVID
4-SRUSB2	USB (USB2.0 LS, FS, HS)
4-SREUSB2	eUSB2.0 (decode and search only)

ADDITIONAL INSTRUMENT FUNCTIONALITY	
4-AFG	Arbitrary / Function Generator
4-RL-1	Extended record length (62.5 Mpoints/channel)

ADVANCED ANALYSIS	
4-3PHASE	Three-phase electrical analysis
4-MTM	Mask and limit testing
4-PWR	Advanced power measurements and analysis (includes all 4-PWR-BAS measurements, FRA, and magnetics)
4-PWR-BAS	Power measurements and analysis
4-SV-BW-1	Extended Spectrum View capture bandwidth (500 MHz)
4-SV-RFVT	Spectrum View RF vs. time traces, triggers, spectrograms, and IQ capture
4-VID	NTSC, PAL, and SECAM video triggering
4-WBG-DPT	Wide bandgap SiC/GaN double pulse testing

TERMS AND CONDITIONS

- This offer is applicable to Encore MSO44 or MSO46 units.

- Additional individual options may be configured with the unit, excluding option bundles, service options, parts, accessories, or post purchase upgrades.

- All orders must be recevied by March 29, 2024.

- Buyer must accept immediate delivery. Deliveries may not be scheduled.

- May not be combined with other discounts or promotions.

- Offer valid while supplies last. Tektronix reserves the right to change or cancel this program at any time.
