

The REAL Mixed Domain Oscilloscope

The excellent choice for EMI Troubleshooting

With the largest display in class, improved low-level signal **measurement accuracy** and industry-leading probe performance, the 3 Series MDO sets a new standard for bench oscilloscopes.

Whether you're testing your **baseband design** for IoT or just for simple **EMI sniffing**, the 3 Series MDO has a unique true **hardware spectrum analyzer** built right in with superior RF test performance and **guaranteed RF specifications**.
